Ref. No: RDA/2025/030

Date: 25/05/2025

PRESS RELEASE

Boycott of emergency and routine services by resident doctors of JNIMS

Following the end of extended deadline of 5 days set to revert back the annual fee for post graduate course of JNIMS from 3 lakhs for 3 years to the original fee structure of 1 lakh for 3 years from batch of October 2022 on the account of the unjust fee hike in the year 2022, we, the RDA JNIMS, after a general body meeting including all the post graduate resident doctors, have unanimously decided to **boycott the emergency services commencing from 9 AM of 26th May, 2025 (Monday)**. The boycott of routine services that was enforced on 21st May 2025 (Wednesday) will remain in effect.

The movement comes in the wake of non-fulfilment of our demands after a long period of constant efforts. While we continue our strike, we are aware and empathetic towards the prevailing situation of the state, please be assured that we remain committed to stepping in and providing the necessary care to those in need.
